ANNUAL REPORT 2013-2014

Introduction

With great pride and pleasure, we present this annual report of Sree Narayana College, Chempazhanthy, as an authentic record of our activities and achievements during the academic year 2013-2014. In projecting our accomplishments and drawbacks, it is a self-assessment of our strengths and weaknesses. We also hope that this report would inspire us for an introspection to overcome our hurdles, resolve our drawbacks and work harder to be more productive and promising in all areas of activity, so that our institution can scale greater heights of glory in the years to come.

The college crossed one more historic milestone in its triumphant march in this academic year, when one more department has been elevated to the status of a P.G department with the commencement of M.A English language and literature.

The Academic Committee constituted by the college council, comprising all Heads of Departments, one nominated member and two elected members of the staff, designed the academic plans for the academic year by charting a detailed Academic Calendar, in the beginning of the academic year itself. All academic activities were scheduled and conducted as prescribed in the calendar. The teachers kept record of their daily work and other academic activities in the Daily Work Register approved by the Academic Committee. Detailed result analysis is included in this report.

The College Council constituted various clubs, forums etc. each under the supervision of a convener with 3-5 members of the faculty. These clubs and forums aim at the holistic development of the students, extending opportunities to awaken the latent talents in them. This year, there is an overall increase in the co-curricular and extra-curricular activities of our students compared with recent past, thanks to the effective coordination of the staff and students of the college during the academic year.

The Parent-Teacher Association of our college has once again proved to be a major pillar of support through their contribution in all spheres of activities and developments relating to the institution. The support of the PTA towards the academic and other activities as well as the infrastructural necessities was substantial in attaining our goals.

The units of the National Service Scheme and the National Cadets Corps, and the Department of Physical Education have once more proved their competence by bagging honours and championships for the college this year also in various spheres.

Our faculty and students have made several achievements in various walks collectively and individually this year also. The warm cooperation and dedication of our faculty, non-teaching staff and students have enabled us to achieve our goals and objectives. Our association and cooperation with socio-cultural organizations have helped us to fulfil our social obligations.

We have also strived for the timely and effective utilization of not only P.D funds but plan funds and grants & aids from the University Grants Commission. It is the Commission's encouragement and support that serve to motivate higher educational institutions to take up such academic and developmental endeavors, which otherwise will not be economically and practically feasible for them. The management has also contributed to the maintenance of our infrastructure. A proposal has also been prepared and is awaiting submission for mobilizing funds from RUSA. Another proposal for utilization of unspent balance of Rs.36 lakhs in P.D account has been submitted for administrative sanction.

The year 2014 also marks the golden jubilee year of the college and we are planning for a year-long celebration befitting this glorious occasion from June 2014 onwards. The celebration committee has been constituted including all stakeholders.

The conduct of 'Spectrum', the annual interdisciplinary seminar series facilitated by PTA, which crossed a decade during the academic year was appreciated from all quarters. This year also this academic brainstorming was conducted with all the pomp and glory.

The seminar organized on Electoral Reforms, sponsored by Indian Institute of Public Administration-Kerala Regional branch was the first of its kind in a college campus. It was attended by Sri O.Rajagopal, former Union Minister and Sri.M.Vijayakumar former Speaker of legislative assembly.

The seminar on Humanism and Brotherhood of Man, sponsored by Sree Ramakrishna Mission and organized by N.S.S also needs special mention. The seminars celebrating the centenary of Composition of *Daivadasakam*, one organized by the Non teaching staff, inaugurated by the Chairman, Kerala Public Service Commission Dr.K.S Radhakrishnan and the other organized by Sree Narayana Study Center inaugurated by Swami Dharmachaitanya were notable tributes to Sree Narayana Guru during this year. The felicitation organized by the nonteaching staff to the budding poet Aiswarya T Anish (daughter of one of our office staff) with P.C. George (Chief Whip) as the Chief Guest also brought public acclaim.

It is with great pleasure we record that the college union activities of the year was inaugurated by the opposition party leader Sri V.S.Achuthanandan, which was celebrated by the media throughout.

A lecture in commemoration of our Founder Manager R.Sankar was delivered by Hon'ble Speaker of Kerala Legislative Assembly Sri. G. Karthikeyan, this year.

Above all, the immense support from our Management, SN Colleges, Kollam, the Manager of Sree Narayana Colleges Sri.Vellappally Natesan, Assistant Secretary of SN Trusts Sri;Kilimanoor Chandrababu and the Regional Development Committee are the backbone for the successful functioning of our college.

Alumni Association: CHESNA

Attempts have been initiated to strengthen the Alumni Association of the college CHESNA. As part of this strengthening, departmental alumniees were formed in Physics and Political Science and the existing ones were revitalized in Sociology and Psychology. Departmental alumni is in the process of formation in History. The annual family get-together of CHESNA was organized in the college on 8/2/2014. Sri T.Sarathchandra Prasad Ex MLA (President, CHESNA) chaired the session. Sri Ayilam Unnikrishnan (General Secretary, CHESNA) presented the report. The meet was inaugurated by the Principal.

Earlier the commemoration of the poet Kilimanoor Remakanthan, who is also a former faculty member of this college, was organized by CHESNA in Press club, Trivandrum on 30.11.2013. Dr.Sashi Tharoor, Deputy Minister for Human Resource Development, Govt of India inaugurated the function. Dr.M.R.Thampan, Director, Kerala Language Institute introduced the works of Kilimanoor Remakanthan. The first award instituted in the name of Kilimanoor Remakanthan for the best budding poet was awarded to Smt. Anjitha Pothuval of Kerala Varma College, Trichur. Dr. Puthusseri Ramachandran, Dr. G. Balamohan Thampi, Dr. George Onakkur and Principal Dr.M. Devakumar spoke on the occasion. Observing the 3rd death anniversary of the poet meaningfully, Dr. Sashi Tharoor released Kilimanoor Remakanthan's Malayalam poetic translation of 4338 lines of 'The Odessey: A Modern Sequel' published posthumously. It may be noted that the last translation of the poet remains incomplete.

Healthy Practices

The teaching and non-teaching members of the college jointly contributed 1 lakh rupees to Sree Narayana Gurukulam to feed the pilgrims who visit the hermitage on Narayana Guru's birthday and during the days of Sivagiri Pilgrimage (December 30,31 & January 1). About 3 lakh pilgrims visit Gurukulam these days and about 1 lakh people are accommodated in the college. Volunteers and NCC Cadets are deployed for the maintenance of discipline and keeping the premises clean. More than Rs 60000/- is spent by PTA for providing facilities to the pilgrims such as drinking water, temporary toilets, parking for vehicles etc. The students who join this college, established in the name of Narayana Guru, get the true insight on the vision of Narayana Guru when they become part of this festival. They realize the value of universal brotherhood without any discrimination. The first hand practical experience of serving people in these camps and insight received by listening to erudite speakers lead to the moulding of personality and outlook of a generation of students of this college. The Sree Narayana Medical

Helpline offers medical check-up and ambulance service to the pilgrims. This is another experience leading to the transformation of these students to socially committed human beings. These are lessons which a student does not get in class rooms.

The college observes the Founders Day also in a befitting manner. In spite of exposing the students to the talk of erudite speakers on the mission and vision of the Founder and the messages of Narayana Guru, they are given experience of visiting the home of destitutes for giving mid-day meal. Sharing experiences of the inmates in these establishments make the students aware of the living conditions they enjoy in their houses and the love they get from their parents. This enables them to conquer their egoism and live as ideal citizens with love and respect for their parents and commitment and responsibility towards the society.

Annual get-togethers

The annual get-together of the non-teaching staff was held on 27/3/14 with Sri.Happy Kumar, Dy Mayor as Chief guest. The annual get-together of the teaching staff was held on 28/3/14. Conclusion

The overall annual performance of our college in its functioning, achievements of staff and students in academic, co-curricular and sports activities, execution of socially relevant activities and instillation of moral and ethical values in the students, during the academic year 2013-14, has progressed far beyond that of the preceding years. We are aware that there have been some lapses as we were not able to complete some of the activities scheduled for the year, and this was largely due to the tight academic schedule in the present semester system, which we were not willing to compromise with.

This report will be incomplete if I fail to thank Sri. Vellappally Natesan, our Manager, who has extended unflinching support and encouragement in our attempt to attain noble standards of excellence in all spheres of activity. I take this opportunity to congratulate and acknowledge the dedication and sincerity of my staff members, who worked in unison and co-operated whole-heartedly for the advancement of our institution. I also extend my sincere thanks to the retiring faculty for their extremely valuable service and wish them a peaceful and fruitful post-service life.

The blessings of our patron saint Sree Narayana Guru will help us to attain greater excellence in the future, as we forge ahead upholding the Guru's vision and ideals, in our endeavor to strengthen the society by imparting quality education and to uplift the weaker sections of the society for a better tomorrow.
