ICPF ANGELOS

ICPF (Inter Collegiate Prayer Fellowship) is a Christian NGO founded in 1980, which is currently spanning across 19 states of India and 20 countries. Since, then ICPF has worked passionately & encouraged the student community to attain academic excellence, moral and ethical uprightness and have ignited them to be patriotic and noble citizens of the Country.

ICPF launched ANGELOS in 1990 with an aim of spreading Social Awareness to the public. ANGELOS is a mobile platform, manned by professionals and fitted with sophisticated PA systems and musical instruments, that carry the good news of Hope and Liberation from addiction to all sorts of drug abuses, smoking, alcoholism, tobacco and suicide to Campuses and streets. The ANGELOS has travelled the entire length and breadth of Kerala, parts of Tamil Nadu and Karnataka and in several North Indian States, reaching out to thousands of young people by spreading the message of Hope.

The modus operandi of ANGELOS is to spread awareness through music, skits, mime, video presentation, power point presentation, seminars and counseling. We mainly focus on schools and colleges by organizing social awareness programmes against the above mentioned social evils. Our mission was disrupted because of the Pandemic and we were unable to do any programmes. Since, the current scenario is better, we ICPF ANGELOS would like to resuscitate our mission by inaugurating our Social awareness programmes in your esteemed college.

Regards

Team ICPF ANGELOS
