

## Chemistry

### **Action taken Report based on the feedback on curriculum**

1. As per the feedback reports collected from students, alumni and parents (from meetings conducted over the years from 2016-17 to 2020-21), it is felt that the syllabus and curriculum are satisfactory and promptly updated according to the latest trends in the academic field.
2. The students suggested to reduce syllabus contents as per the duration of the semester. Faculty of Department of Chemistry discussed the suggestions in the department meeting and decided to recommend to Board of Studies to revise the syllabus.
3. As per the suggestions from students, new strategic plans in teaching such as online teaching especially in the COVID-19 scenario, conducting classes using PPT and projector are also adopted.
4. An Eco-friendly open classroom is set up in the campus for taking classes in an open atmosphere which will give a new experience to students during the pandemic situation.
5. Laboratory is renovated in order to enhance the facilities as per the students' feedback reports.
6. Based on the faculty feedback reports, revision of UG and PG syllabus with an inclusion of topics which would develop research aptitude in students is recommended to Board of Studies meeting.
