Both the competitions were given due publicity among the students of all departments by circulating programme brochures and through public addressing systems. Overwhelming response was received from the students and 20 students participated in the Essay Writing Competition held on 28.02.2022. The majority of the essays were of high standards and the evaluation was pretty tough. The first prize in the Essay writing competition was bagged by Sreelekshmi S (III B.Sc Physics). Second prize went to Saranya Chandran (III B Sc Physics) and third prize was shared by Gayathri
